

UM-Bridge Workshop 2023

Bringing Together Models and UQ

Anne Reinarz (Durham University, UK)

Linus Seelinger (Karlsruhe Institute of Technology, Germany)

Goals

Get users familiar with UM-Bridge

Initiate collaborations between UQ and model experts

Advance the UQ software ecosystem

- Introduction to UM-Bridge
- Talks about related UQ projects
- Project sessions / practical exercises
- Discussions

Gather: Private areas and spotlight areas control visibility

digiLab

- First of a kind solutions to solve the biggest challenges of today
- Closing the skills gap by training people to deploy “AI in the wild”
- 4-day week company based in the southwest of the UK
